Paddler Profile:

Beginner to Experienced
Teenager to Large Adult

Recommended for use on:

Open Ocean
Bays & Estuaries
Flat water

Ideal to use for:

Sea kayaking and open ocean touring
Day trips and expeditions
Flat water touring
Fitness training
Touring and hire fleets

Paddling Characteristics:

Very stable in open ocean conditions
Quick and smooth ride
Effortless paddling
Continues to glide well, even after you stop paddling
Lifts well in chop and swell
Tight turning circle (can turn within its own length)
Secondary stability supports paddlers in rough conditions and when rolling & bracing

Why would you choose an Iguana?

Load, transport & store in sections
Takes larger paddlers with ease
Super stable for people with balance problems

Standard Features:

Strong & reliable dovetail joining system
Pods secured together with 316 marine grade stainless fittings
Multi-chined hull gives primary and secondary stability
Concave bow for a drier ride
"Peaked" front deck sheds water quickly
Large cockpit for easy wet exit
Generous combing for secure spraydeck attachment
Thigh brace to help you lock in when rolling
Comfortable, contoured, full-pan seat
Supportive, easy to adjust backrest
Fixed position footrest with "flap-control" steering system
Traditional drop over rudder
316 marine grade stainless steel rudder blade & "Glass-filled Nylon" rudder head
Raise/lower rudder controls located on front deck
Rudder keeper for secure transportation
Separately moulded pods form fully sealed bulkheads
Push-on hatches access 2 extra large storage areas
Self contained day pod
6mm declines run through moulded-in supports
Bungy on front deck holds easy access essentials
Flare holder
Moulded hand toggles for comfortable & easy 2 person carrying
