

# PELAGIC

**LARGE VOLUME, SIT-ON-TOP FOR 1 PERSON**  
**Roomy - Stable - Fast - Manoeuvrable**

Lifetime Warranty

The Pelagic is a 4.3m robust, large volume sit-on-top kayak suitable for people of all sizes, or those who just want to be able to take a huge amount of gear.

Designed and made in Australia, the Pelagic has an extra wide comfortable seat, extra long foot wells (to accommodate taller paddlers) and an extra large rear storage well with cargo straps... heaps of extras!

Features include kiss-offs in the hull to provide structural support and allow water to drain through, thick (6mm) decklines front and rear to secure cargo or to grab onto from the water and a large oval hatch to access internal storage space in the front.

There are hand toggles at each end for easy 2 person carrying, and a hand strap on each side enables the Pelagic to be carried by one person.

Available in an angler pack for the fishing enthusiast, the Pelagic can be upgraded with a rudder which includes adjustable, sliding footrests and a sea kayak style flip-over rudder which has raise/lower controls that are conveniently located alongside the paddler.

The wide bow of the Pelagic gives greater surface area and volume to help it to lift in rough/choppy conditions rather than spear and bury.

If you are looking for a larger volume sit-on-top for one person, check out the Pelagic today!

## Specifications:

Length:	4.3m (14'1") - no rudder
	4.4m (14'5") - with rudder
Width:	77cm
Depth:	33cm
Weight:	27kg
Capacity:	230kg
Front Hatch:	41 x 23cm oval
Rear Storage Well:	98 x 43cm
	(will take either a milk crate, 60L esky, 30L screw top drum or scuba tank)

Fishing  
Package  
Available

## Paddler Profile:

Beginner to Experienced  
 Teen to Large Adult - Ideal for taller paddlers

## Recommended for use on:

Open ocean and Surf  
 Flat water - Bays, Estuaries, Rivers and Lakes

## Ideal to use for:

General purpose paddling  
 Fishing and camping  
 Scuba diving and snorkelling  
 Day trips and extended touring

PRICE  
INCLUDES  
PADDLE

## Paddling Characteristics:

Relatively quick, extremely stable & very responsive for a larger sit-on-top  
 Excellent straight-line tracking  
 Handles rougher water conditions with ease  
 Effortlessly lifts over waves, chop and swell  
 A smooth ride courtesy of in-built rocker  
 Very smooth to paddle and surprisingly dry for a sit-on-top

 Colour Options: Wide variety of single colours  
 Wide variety of 2 colour fades  
 Wide variety of granite colours

All of the significant ingredients come from Australia, & all manufacturing has been carried out in Australia

good clean fun™

# 13 features that make the Pelagic the best large volume sit-on-top in Australia

- 1 The hull is wide and extremely stable. Moulded-in ridges on the under side of the hull give structural support, whilst an integrated keel keeps the Pelagic on a straight course effortlessly.
- 2 The inclusion of nose-to-rear “rocker”, along with soft chines on the bow & hard chines on the rear means the Pelagic is very responsive when quick turning is required.
- 3 The concave shaped bow makes it easy to get the Pelagic up & moving, and gives lift over waves, chop & swell. The unique shape of the bow deflects water away from the midline keeping the paddler dry.
- 4 “Kiss-offs” are positioned in the seat, foot wells and storage well for maximum drainage. They form pillars between the top and bottom of the hull that maintain the structural integrity of the Pelagic.
- 5 The seat is extra wide and extremely comfortable for larger people. The depth of the seat well provides exceptional lower back support.
- 6 The Pelagic maintains floatation with the Australis standard “air lock” buoyancy and has foam added for extra floatation.
- 7 The foot-wells are positioned slightly lower than the seat, minimising fatigue and cramping. This feature prevents pressure building up in the muscles of the legs and lower back, and keeps your paddling position relaxed and comfortable.

Please note:  
If your feet are at the same height or slightly higher than your seat, hamstrings and lower back muscles are on full stretch for extended periods of time. This can result in injury because of a reduced range of motion to absorb the dynamics of paddling, or muscle cramps and tingling due to reduced blood flow to the area or localised pressure on nervous tissues.

- 8 The backrest attaches to stainless steel bars moulded into the hull (not riveted or screwed on) giving the most secure backrest attachment.
  - 9 There is a storage-well moulded-in at the rear of the Pelagic where you can secure cargo in a dry bag, esky, milk crate or screw top drum.
  - 10 A large oval hatch on the front deck accesses the internal storage area.
  - 11 Moulded hand toggles are located at each end for comfortable and easy two-person carrying. The inclusion of a hand strap at the Pelagic’s centre of balance makes it possible to carry it by yourself.
- THE PELAGIC IS AVAILABLE WITH A RUDDER!!**
- 12 The “sliding” footrest steering system easily adjusts for people of different heights and gives excellent directional control to combat wind and wave action.
  - 13 The controls to raise and lower the sea-kayak style flip-over rudder are located alongside the paddler and allow the rudder to be up and protected when punching out through the surf.

An in depth explanation of kayak features can be found on our website. Go to [www.AustralisCanoes.com.au](http://www.AustralisCanoes.com.au) & click the **Features Explained** link

## Why you would choose a Pelagic...

- Paddle is included in the price - Excellent Value!!
- Large volume carries heavy payloads
- Extra wide seat takes beamier paddlers in comfort
- Backrest bars are moulded in, not riveted or screwed on
- Feet are lower than seat for optimal biomechanical paddling position
- Storage-well moulded-in at the rear with straps to secure your cargo
- Decklines provide multiple points for securing cargo to the top deck and are easily accessible from the water, if required
- Rudder upgrade available

## Pelagic Fishing Package

The Pelagic is available in a fishing package that includes:

- Pelagic sit-on-kayak (with or without a rudder)
- Deluxe backrest
- Powerblade double paddle
- Paddle leash
- Two (2) fixed rod holders (at the rear)
- One (1) adjustable rod holder (at the front)
